Dear Sir or Madam,

I would like to apply for J-2 work permission.

While I am staying in the United States, I would like to learn English. The English classes that are offered to International Students are costly and I need the extra income to pay for tuition. Also, I would like to take some recreational classes such as photography and skiing. Both of these require expensive equipment that I will need to purchase, which will add to my expenses. Therefore, I hope that you are able to approve my request.

I understand that my earning are not allowed to be used to support my J-1 spouse.

Sincerely yours,
